

State Route 180 West

August 2002

Project Purpose:

The project on State Route 180 will provide an improved primary east-west route between the City of Fresno and rural communities to the west of Fresno. This project will reduce traffic congestion on city streets, improve travel times and increase safety for motorists.

Description:

The project will continue State Route 180 westward from the State Route 180/State Route 99 Interchange. The route will continue as a six-lane freeway from State Route 99 to Teilman Avenue where it will become a four-lane expressway. At the Hughes-West Diagonal the four-lane expressway will end with an at-grade intersection. A traffic undercrossing will be constructed at Teilman Avenue.

Construction Cost:

\$30 million

Funding Sources:

Primary Funding Federal and State Gas Tax money (STIP) supplemented with "Measure C" sales tax.

Agency Responsibilities:

Caltrans: Planning, Construction Management, Design, Right-of-Way acquisition. Fresno County Transportation Authority (FCTA): Design, Right-of-Way acquisition

Construction:

Begin November 2001

Completion 2004
